

**Additional opportunities to
enhance training for the aged
care workforce to improve the
quality of, and timely access to,
palliative care for older
Australians**

Aged Care Reverse PEPA Placements Available NOW!!

PEPA is funded by the Department of Health to increase the availability of palliative care education and training to organisations who are caring for people in aged care.

Reverse PEPA Placements are free education and training that entails a specialist palliative care educator travelling to your place of employment to facilitate learning for 2 – 4 days.

The learning will be specifically designed / targeted education that has been aligned with your organisation's learning needs .

**For more information call 07 3138 6121 or
email pepa@qut.edu.au**

Send an Expression of interest online through the PEPA/IPEPA
website <https://pepaeducation.com/placements/apply/>
